

# ARCHITECT OR STUDENT .

(M/F/D) FOR HAMBURG

## HIRING

We are offering vacancies to Ukrainian colleagues affected by the war. With more than 25 years of experience in all facets of architecture and urban planning, we work in a young team of 25 planners. The quality we demand today is decisive for the living spaces of future generations. That is why we are already working on climate-friendly architecture with the support of digital tools. We design, plan and build places where people enjoy living and working. We value openness and clear structures in our working methods and communication.

## WE OFFER YOU

- Modern office culture
- Plenty of space for your own ideas and further personal development
- Joint activities and team events
- Possibility for mobile working,
- Future-oriented working methods
- Central located and easily accessible in Hamburg Eimsbüttel

## YOUR PROFILE

- Degree in architecture, urban planning and/or sustainable design or student
- Independent and well structured working style
- Team player and flexible with high motivation
- Confident handling of common CAD programs
- Strong communication skills and the ability to work in a team to develop challenging projects
- Good knowledge of English or German

## INTERESTED

We look forward to receiving your application documents.
